

About the Host Institution and Department:

JNTUA College of Engineering is a prestigious Engineering college in AP, established in 1946 and functioned from College of Engineering, Guindy, Madras during 1946-48. It was shifted to Anantapur in the year 1948, with the formation of first Technological University in our country in 1972 with head quarters in Hyderabad, this college has become one of the constituent colleges of JNTU. Further, from August, 2008, it is the constituent college of Jawaharlal Nehru Technological University, Anantapur by Act. No. 30 of Govt. of A.P. dt. 24.09.2008. This institution is selected as a Network Institution by NPIU for the World Bank aided TEQIP- III from 2017-20.

The Department of Electrical Engineering has been functioning since the inception of the college. The Department is offering UG and four PG courses viz. Electrical Power Systems (1971), Power and Industrial Drives (2002), Control Systems (2002) and Reliability Engineering (2009) which is an interdisciplinary area and is having well equipped laboratories and highly qualified faculty.

Objective of the Workshop:

This workshop is expected to create awareness on applications of converters in Power Systems, Solar PV systems and Railway Electric Traction Systems etc. This program is being organized as a twinning program with University College of Engineering & Technology, Bikaner, Rajasthan which is a mentee Institution under TEQIP – III with mentor Institution being JNTUA CEA.
