

THEMES FOR PRELIMS

Poverty
Famine
Disaster
Management
First Aid
Special needs
Women safety
Health care
Literacy

Nothing can stop people from showing off their innovation for a social cause to the right audience at the right time. Distance does not matter; money is no obstacle, if your project is a point of pride.

IEEE YESIST 12

IEEE YESIST 12 (YOUTH ENDEAVOURS FOR SOCIAL INNOVATION USING SUSTAINABLE TECHNOLOGY) (formerly SS12) is an international talent show for the students and young professionals to showcase their innovative ideas to solve humanitarian and social issues affecting directly the community around them.

The activity is part of the vision of ASIST (Augmented Social Innovation through Science and Technology) Secretariat to integrate engineering education and the society creating useful practical scalable products thus encouraging entrepreneurship and patenting IEEE YESIST 12 has an interesting history of having its home in California and moving on to various countries and transforming into various themes, shapes and sizes. Born as SS12 (meaning Saturday Sunday 12 hours) it was a hackathon on humanitarian theme for the students of USA. Moving on to Europe and Asia, it blossomed into competition between countries. The first SS12 Asia was conducted in 2013 between two Countries-India and Bangladesh. Now it has reached more than 9 countries touching about 2000 students and young professionals every year. The theme now aligns with the Social innovation for Sustainable technology and the format includes four tracks.

ABOUT VIT CHENNAI

VIT, for the past 30 years has made a mark in the field of higher education in India imparting quality education in a multi-cultural ambience, intertwined with extensive application-oriented research. VIT was established with the aim to provide quality higher education on par with International Standards. It persistently seeks and adopts innovative methods to improve the quality of higher education on a consistent basis.

Established by well-known educationalist and former parliamentarian, Dr.G.Viswanathan, Founder and Chancellor, a visionary who transformed VIT into a Center of Excellence in higher technical education.

The focus is :

- To maximize the Industrial connectivity
- To create Centers of Excellence in contemporary areas of research
- To enrich Technological and Managerial Human Capital nurtured in a multicultural ambience
- To provide a common platform for the agglomeration of ideas of personnel from various walks of life for learning enrichment
- To create opportunities and exploit the available resources to benefit industry/society
- To foster International collaborations for mutual benefits in areas of research.

TRACKS

INNOVATION CHALLENGE

Innovation challenge is an international project competition and maker fair established by IEEE Srilanka Section and IEEE Education Society to acknowledge innovative minds that address social issues across the globe with ingenious solutions.

This exceptional platform conducts competition in two stages, The preliminary stage is conducted across Asian countries and the team that tops the round wins a chance to compete globally to address social issues like Poverty, Famine, Disaster Management and First Aid, Special Needs, Women Safety, Healthcare or Literacy with the assistance of inventive technologies.

All Engineering graduates and professionals have a visionary to make their ideas come true. Unfortunately, the monotonicity of our daily life catches up with us and we look track of our high aspirations and goals are lost in the sea of realism. Bland repetitive work causes the mind to stagnate bringing brain into prominence.

Here, Yesist'12 acts as a platform to bridge the gap between the Engineers and their Visionaries to contribute to the society with innovations. It aids in stimulating their Inherent Potential to pave for the invention.

"Innovation is the change that unlocks new value"

Jammie Notter

Awards for all the Track Winners

1st Prize

1000\$

2nd Prize

500\$

**Finals will be held at
Stamford University,
Thailand**

REGISTRATION:

Maximum of 4 in a team

**Registration fee-
1000INR per team**
