CALL FOR PAPERS

IEEE AFRICON 2023 is co-sponsored by IEEE Region 8 and the IEEE Kenya Section and is the flagship conference for the African continent. It will be held in Kenya, on 20th – 22nd September 2023 under the theme *"Advancing Technology in Africa Towards Presence on the Global Stage".*

This conference will feature world-class plenary speakers, major technical symposiums, industry and academic panels, workshops, tutorials and invited tracks on emerging technologies.

THEMATIC AREAS INCLUDE (BUT PAPERS ARE NOT LIMITED TO):

Track 1: Artificial and Computational Intelligence
Track 2: Cloud Computing, IoT and Data Analytics
Track 3: Wireless Communication Systems, Antennas Systems, Microwave Systems and Propagation Models
Track 4: Innovations for Digital Transformation and Industrial Development
Track 5: Industrial Electronics, Control, Autonomous Systems, Instrumentation and Consumer Applications
Track 6: Electrical Power & Energy Systems, Renewable Energy Technologies, and Distributed Generation
Track 7: Short papers and Extended Abstracts

GUIDE FOR AUTHORS

Two types of submissions are invited for presentation at Africon 2023:

1. **Full papers –** mature results or completed projects and should not exceed 6 pages
2. **Short papers and Extended Abstracts**
   Short papers may be up to 3 pages in length in line with IEEE conference paper format. Papers under this category may present early or complete research results, case studies, best practices, and perspectives relevant to the conference themes. Industry players, practitioners, policy makers and private sector actors are encouraged to use this as a venue to share best practices, case studies and perspectives from practice in the field.
   Extended Abstracts, like short papers but up to 1 page in length.

All accepted, registered and presented papers will be considered for publication in IEEE Xplore Digital Library.
