IEEE C3 2023 Colombian Caribbean Conference 2023

IEEE Colombian Caribbean Conference (C3) is the Biannual Technical and Scientific Conference of the IEEE Colombian Caribbean Section, that brings together IEEE professionals and scientists from the region. The First edition of this IEEE event will be held in the **Universidad del Norte** at **Barranquilla, Colombia**. C32023 is an opportunity for professional members, academics, researchers, and industrialists to meet and present the developments and technological advances.

IEEE C3 2023 will be held in person and virtual on November 22-25, 2023. Barranquilla, Colombia.

Call for Papers 2023

We are pleased to announce the first edition of the Biannual IEEE Colombian Caribbean Conference (C3) 2023, organized by the IEEE Colombian Caribbean Section. IEEE C3 offers a unique opportunity for academics, practitioners, researchers and industrialists to present their developments and technological advances **in person and virtual**, during the months of October and November 2023 at the Universidad del Norte, Barranquilla, Colombia.

Both IEEE members and non-members are invited to participate in the call for publications, covering theoretical and practical topics in areas such as:

- Power and Energy
- Communications
- Computer
- Technology and Engineering Management
- Computational Intelligence
- Engineering in Medicine and Biology
- Robotics and Automation Systems
- Education
- Geoscience and Remote Sensing

We look forward to receiving a wide variety of high quality contributions from around the world, and we are excited to present this opportunity to foster technological development in our Colombian Caribbean region. We look forward to your participation in C3 2023!

Paper Submission

Submit your best work to **IEEE C3 2023** and share your technological advances with the community! To participate, send your paper in digital format (PDF) through the submission portal, in English, and in **IEEE conference format**. Remember that the maximum length is six **(6) pages**, including illustrations and references. In addition, each article must be original and be correctly labeled with its subject area. The papers accepted and presented at the conference will be included in the IEEE Xplore Digital Library.

Our review committee will ensure that each article submitted is rigorously reviewed through a double-blind process. Authors must submit their work without including information that would reveal their identity.

If your paper is accepted, at least one of the authors must register and present their paper during the conference. Don't miss this opportunity to stand out as a leader in your field and share your knowledge and progress with others - download our [IEEE templates](#) in Microsoft Word or Overleaf and submit your paper today!

For more information, IEEE Colombian Caribbean Conference Web Site: <https://attend.ieee.org/c3/>

Additional Publication

Accepted and presented papers in IEEE C3 will have the possibility of being selected to submit an extended version to Transactions on Energy Systems and Engineering Applications, Scopus Indexed.* More information about the transaction in: <https://revistas.utb.edu.co/tesea>

*Conditions and restrictions apply.

Important Dates

Here are the important dates for the Colombian Caribbean Conference (C3) 2023:

Paper Submission: July 26, 2023

Notification of Acceptance: August 26, 2023

Submission of final versions: September 26, 2023

Conference: November 22-26, 2023
