Call for LA-CCI 2025 Conference Organization

IEEE Latin American Conference on Computational Intelligence (LACCI) solicits conference organization proposals on topics related to the scope of computational intelligence (CI). The objective of LA-CCI Series is to provide a high-level international stage and forum for scientists, researchers, engineers, and educators to disseminate their latest research results and exchange views of the future research directions on CI topics. LACCI must include a mix of regular papers, invited presentations, keynotes, and panels that encourage the participation of attendees in active discussion. In addition, a summer school in the CI area may be included.

Each proposal must include:

- Description of the technical issues covered, emphasizing the timeliness of the proposed workshop topics not covered or specifically addressed by the main conference symposia
- Organization Committee
 - Names,
 - Affiliation
 - Contact Information
 - Are they members IEEE or IEEE+CIS?
- Names of potential participants, such as program committee members and invited speakers (indication that speakers have accepted to participate is a plus)
- Draft Call for Papers (max 1 page)
- Draft Financial aspects, including possible fees (max 1 page)
- Planned format of the conference, including:
 - Duration of the conference: tentative schedule
 - Number of Technical Committee members
 - Hot topic sessions, keynotes, panels (and formats), etc.
 - Plan for the review of the refereed papers according to the LACCI guidelines
 - A description of the publicity and promotion plan
 - The workshop potential website address (if available at the time of the proposal – will be required later if the workshop proposal is accepted)

Application process

The proposals should be submitted to the Computational Intelligence on Latin America Task Force by sending an email to Alvaro David Orjuela Cañón dorjuela@ieee.org
