The 2024 5th International Conference on Computing, Power, and Communication Technologies (IC2PCT) earlier known as GUCON is scheduled to take place on February 9-10, 2024 at Galgotias University in Greater Noida, India. This prestigious event is being organized with the financial and technical sponsorship of the IEEE Uttar Pradesh Section. IC2PCT will provide an opportunity to the practicing engineers, academicians and researchers to meet in a forum to discuss various issues and its future direction of various Emerging Technologies. The conference aims to put together the experts from the relevant areas to disseminate their knowledge and experience for the relevant future research scope. There are 16 tracks in the conference covering almost all areas related to computing, power, and communication technologies.

Our Conference Tracks:

- Smart Cities & Technologies for Sustainable Development
- Renewable Energy Technologies Including Hydrogen
- Modern Power Electronics, Drives and Control, Electric Vehicles
- Big Data, Cloud Computing, and Quantum Computing
- Smart Manufacturing, Smart Tourism, and Industry 5.0
- 5G Applications, Emerging 6G Technologies, E-Commerce
- Robotics, UAV, and Unmanned Vehicle Technologies
- AI, AIoT, IIoT, Deep Learning, and Machine Learning
- Applications of Wide Bandgap Semiconductors
- Cyber Security and Humanitarian Technologies
- Blockchain Applications
- AR, VR, and Metaverse
- Healthcare Applications
- Human Computer Interface (HCI)
- Special: Financial Technologies
- Special: Sports Analytics and Technologies
