

# EPICS IN IEEE

Engineering Projects In Community Service

PROPOSAL DEADLINE: MAY 1, 2024

## Call for Service-learning Projects!

Students, faculty, and professionals will have the opportunity to address the technological needs of communities. Proposals should identify a problem in the local community, and detail how the student team will attempt to solve the problem using engineering and technology skills. **Student teams can win \$5,000-10,000 USD to build their prototype or solution.**

<https://ieeeps.org/>

IEEE Antennas and Propagation Society (AP-S) is partnering to bring \$50,000 for projects from AP-S groups that include the following elements:

- One team member should be an active AP-S Member
- AP-S-relevant technology should be used in the proposed solution to address a local community challenge
- The field of interest of the AP-S encompasses:
  - Antennas and applications and systems pertinent to antennas, propagation, and sensing.

Call for Proposals

### SUBMIT A PROPOSAL

Each team must:

- **Include students!** Young professionals and professional IEEE members are able to submit a project, but high school or university students should be significantly involved in the design and deployment process.
- **Partner** with a community organization
- **Submit** quarterly progress reports and a final summary report.
- **Use funding** for materials related to the project. (i.e, salaries, honorariums, personal computers, significant capital equipment or research supplies, etc. are not eligible for funding.)
- Teams must submit their proposal through the **EPICS in IEEE proposal platform.**

### IMPORTANT DATES

Project Submissions  
1 May 2024

Projects Begin  
August 2024

Project Selection  
July 2024

Projects Completion  
August 2025
