

# IEEE STEM Champion Program

Are you an IEEE Volunteer conducting STEM outreach programs for pre-university students and educators in your local community on behalf of IEEE? Would you like to help inspire other volunteers to get involved in STEM outreach? Then, we want to hear from you!

The [IEEE STEM Champion Program](#) was developed to recognize IEEE volunteers, like you, for their contributions to pre-university STEM education. The Program resides under [Tryengineering.org](https://tryengineering.org) and works in partnership with the [Volunteer STEM Portal](#).

## What are the Benefits of Being Selected as a STEM Champion?

- Recognition for your contributions to pre-university STEM education
- Opportunity to be involved in a community of IEEE STEM outreach volunteers
- Grant funding opportunity
- Opportunity to build Region and Section awareness of your work
- Ability to support IEEE pre-university education metrics by sharing your event and event results
- Access to Champion-specific STEM education resources

All active IEEE Members are invited to [submit an application](#) to be considered as an IEEE STEM Champion. Applications must be received no later than 8 April, 2024. They will be reviewed in late April and selections announced in early May
