IEEE International Conference on Intelligent System and Advance Applications (ICISAA-2024) (Hybrid Mode)

Organised by

Department of Electrical Engineering & Instrumentation Engineering

About the Conference (ICISAA-2024)

Conference Dates: 25th & 26th Oct.2024

Departments of Electrical Engineering and Instrumentation Engineering are jointly organizing IEEE international conference on “Intelligent Systems and Advanced Applications (ICISAA 2024)” on 25 th and 26 th October 2024 in hybrid mode. This conference will provide a platform for young, committed researchers, practitioners and industry professionals to share insights, collaborate on challenges. Conference will contribute towards the sustainable development. The conference is aimed to provide intelligent and Innovative Solutions which addresses the regional, national and global issues. All accepted, registered and presented quality papers will be forwarded to IEEE Explorer for publication.
