

¡Call for papers!

International Conference on Trends in Educational Innovation - CITIE 2024

University of Guadalajara (CUValles),

Ameca, Jal., México

December 11th to 13th, 2024

<https://www.valles.udg.mx/citie2024>

The International Conference on Trends in Educational Innovation (**CITIE 2024**) is eagerly anticipated by both experts in educational practice and specialists in the application of technology in education. The conference focuses on presenting theoretical or empirical research papers that (i) significantly contribute to knowledge or (ii) present innovative teaching experiences.

The accepted themes include, but are not limited to, the following:

Education and Trends

- Artificial Intelligence in Education
- Computational Thinking
- Educational Video Games
- Educational Gamification Systems
- Intelligent Agents for Educational Management
- Natural Language Processing and Education
- Social Network Analysis

Educational Innovation with Technologies

- Use of Virtual Laboratories for Science Teaching and Learning
- Technologies for Quality of Life
- Educational Data Mining
- Internet of Things in Education
- Emotional Interfaces for Education
- Technological Innovations in Science Teaching and Learning

Innovative Educational Practices to Develop Science and Technology

- Collaborative/Cooperative Learning with ICT
- Augmented, Virtual, and Mixed Reality in Education
- Software Engineering for Education
- Extraction and Analysis of Behavior Patterns in Learning Management Systems (LMS)
- Robotics for Education

CUVALLES

Important Dates

- Paper submission deadline: **October 31th, 2024**
- Notification of acceptance: **November 04th, 2024**
- Camera-ready papers (in English): **January 32th, 2025**
- Payment deadline: **November 5-15th, 2024**

Presentation of Papers

The oral presentation of accepted papers during the conference can be done in Spanish or English. Contributions should present concepts and structures, models, research results, or findings that enrich educational work in scientific education with technology, translated into practical educational innovation. These are of two types:

1. SHORT PAPER: 2-4 pages.
2. LONG PAPER: 6-8 pages.

Manuscripts should be submitted in **PDF** format in English, following the template that can be downloaded from:

- Microsoft Word: <https://shorturl.at/TBiTG>
- LaTeX: <https://shorturl.at/Ch5eP>
- Overleaf: <https://shorturl.at/s6TSe>

An international committee will evaluate manuscripts; those notified as **ACCEPTED** must submit the corrected version for publication accompanied by a response letter to the reviewers indicating precisely how the observations were addressed.

Publication and Indexing

To ensure the publication of an accepted paper in the proceedings of **CITIE 2024**, at least one of the authors must register as an attendee at the event and present the work either in person or virtually. Additionally, the article must adhere to the established format and not exceed the maximum number of pages allowed, including the bibliography.

A paper will be considered for inclusion in the proceedings of **CITIE 2024** and its subsequent indexing in international databases only if it has been presented during the congress and the observations of the Scientific Committee were adequately addressed. The conference proceedings will be published as an indexed book in IEEE Xplore.

Furthermore, authors of the most outstanding papers will be invited to submit extended versions of their articles for possible inclusion in special editions of indexed journals.

NOTE: Extended versions will be subject to the guidelines and publication costs, as required by the journals.
