

IEEE LATIN AMERICAN
ELECTRON DEVICES CONFERENCE
LAEDC 2025
Guadalajara, México.

CALL FOR POSTERS

LAEDC 2025 invites submissions for its Poster Track, providing a dynamic forum for researchers, practitioners, and students to showcase late-breaking results, ongoing research, technical contributions, and innovative projects in a concise and interactive format.

Accepted posters will be prominently displayed at the conference venue, with dedicated poster sessions designed to foster discussion, exchange of ideas, and networking among participants. This track presents an excellent opportunity for authors to receive feedback from the broader research community and engage in meaningful dialogue with conference attendees.

In addition to the physical presentation, posters will have an online presence, ensuring broader visibility and accessibility. All accepted posters will be included in the conference proceedings.

Publication Opportunity: The best posters presented at the conference will be considered for publication in a special issue of the Journal of the Electron Devices Society (JEDS) at a highly discounted rate.

We welcome submissions across all relevant topics within the scope of LAEDC 2025, including but not limited to:

- Electron-based devices
- Semiconductors, MEMS, and Nanotechnologies
- Packaging, 3D integration
- Sensors and actuators
- Display technology
- Modeling and simulation
- Reliability and yield
- Device characterization
- Circuit-device interaction
- Novel materials and process modules
- Technology roadmaps
- Electron device engineering education
- Electron device outreach
- Optoelectronics, photovoltaic and photonic devices and systems
- Energy harvesting
- Humanitarian projects
- Agrivoltaics
- Biomedical devices
- Flexible electronics
- 2D Materials and devices
